A black and white manga-style illustration. A character with dark hair and a bandaged face is shown in a close-up, looking upwards with a wide-eyed, intense expression. The bandage on the face is rectangular with a grid of dots. A small, fluffy animal, possibly a cat or a small dog, is perched on the character's hand, which is also bandaged. The background is dark and textured, suggesting a night scene or a cave. A speech bubble is positioned in the upper right corner.
